#### **GENERAL RESPONSES AND OBJECTIONS**

The general responses and objections set forth below to U.S. EPA's March 28, 2019 information request are intended to be continuing throughout the specific responses, even when not specifically repeated in a given response.

1. StarKist Co. ("StarKist") objects to these Requests as directed to the wrong party, since they apparently arise out of the actions of Star-Kist Caribe, Inc. StarKist has no relationship or affiliation with Star-Kist Caribe, Inc.

2. StarKist objects to these Requests as they relate to the disposal of waste materials at the PROTECO Superfund Site in Penuelas, Puerto Rico. StarKist has never conducted manufacturing activities in Puerto Rico and has never sent any waste material to the PROTECO Site.

4. StarKist objects to these Requests to the extent they are not relevant to or reasonably related to EPA's enforcement of CERCLA requirements regarding the releases of hazardous substances, pollutants or contaminants.

5. StarKist objects to these Requests to the extent they call for the production of publicly available documents or information that is already in the possession of EPA.

6. StarKist objects to these Requests to the extent they use terms that are not defined, and therefore not susceptible to a clear and definite answer.

7. StarKist objects to these Requests to the extent they are ambiguous or confusing and therefore not susceptible to a clear and definite answer.

8. StarKist objects to these Requests to the extent that they require StarKist to form, reach or set forth a legal conclusion.

9. StarKist objects to these Requests to the extent that they are vague as to the period of time encompassed by the Request.

10. StarKist objects to these Requests to the extent they seek information which constitutes Confidential Business Information ("CBI").

Without waiving the foregoing objections, and reserving all rights to assert these and all other applicable objections in the future, StarKist provides the following specific responses to the Request for Information:
